Ngā mihi nui ki a koutou katoa, talofa lava, fakalofa lahi atu, malo e lelei, bula vinaka, kia orana, namaste, marhaban, salam alaikum, nei hou and greetings to all our Glendene School whānau.

E mihi mahana ki a koutou katoa. Ko tōku tūmanako, kei te pai koe me tōu whanau. My warm greetings to one and all. My hope is that you and your whānau are well.

A group of senior students went to the Te Atatu Schools soccer day.

The event organizer complemented our students by saying "Glendene are always a pleasure to have at these events. Your students are so respectful and they have smiles on their faces encouraging others along the way."

We also enjoyed sharing our student's talent at the "Celebrate Samoa Assembly". The children and teachers from Lupesina joined us for this special event.

The next special event will be a Hui for Māori Whānau on Thursday 27 June. More information will be sent next week. This is the day before the Matariki holiday. There will be a range of special activities on that afternoon for all students.

Glendene School Policy - Please see below:

Staying home and exclusion periods

To stop infection from spreading, we expect students and staff to stay at home when they are ill and/or symptomatic. The recommended period of time that someone should stay home depends on the illness. Students must stay home for at least 48 hours if they are ill (e.g. vomiting, diarrhoea, bad coughing). The HealthEd **infectious diseases table** provides recommended exclusion periods for a number of common childhood illnesses. We encourage people to seek advice from their own health providers, and to contact **Healthline** for advice if needed.

We follow guidance from HealthEd and the Ministry of Health for how long students, staff, and workers should stay away from the school if they have a more **serious illness/infection**. If someone at our school shows symptoms of a serious infection/illness, they are separated from others while waiting to be taken home.

With the exception of tetanus, students, staff, or workers with illnesses that have an available vaccine may be required to stay home under a health order issued by the Medical Officer of Health. Anyone who has potentially been exposed to the infection/illness and has not been immunised should also stay away from the school.
