Dear Families,

It seems amazing to me that the school year is already coming to an end. I have had a busy year learning to do Sepora's job and I know you will have missed her too. The staff and students have supported and encouraged me and I appreciate all the help.

Our vision states that 'The Glendene School and community Empowers its Children with Confidence, Knowledge and Opportunity'.

Twenty six of our year 6 students will be leaving next week and twenty three of them have been with us for six years.

I am grateful to them for their service to the school this year, as mediators, Patrols and monitors. I'm going to miss them all.

Thank you for choosing to send them to Glendene School. I wish them and their families all the very best for their future. They are growing into awesome young people we are proud of.

Please encourage them to keep attending school every day, and to make the most of the opportunities offered to them, so they can have lots of good choices available as the future unfolds.

Sadly we will be saying goodbye to our Reading Recovery teacher Leisel and Angela (Miss T). We will all miss them.

It is time to celebrate so keep a note of the dates in this newsletter and join in if you can.

Our teachers know who will be in their 2024 class and are planning for an interesting year.

School begins again on the 1st February.

Our classrooms will be open on the 31st January between 1.00-2.00pm if you would like to call in and say hi to the new teacher. The office is open from 9.00am that day until 2.00pm.

Keep safe and enjoy this celebratory season together.

Nāku noa, nā

Ann-Maree Molloy

Acting Principal

Glendene School Policy - Please see below:

Staying home and exclusion periods

To stop infection from spreading, we expect students and staff to stay at home when they are ill and/or symptomatic. The recommended period of time that someone should stay home depends on the illness. Students must stay home for at least 48 hours if they are ill (e.g. vomiting, diarrhoea, bad coughing). The HealthEd **infectious diseases table** provides recommended exclusion periods for a number of common childhood illnesses. We encourage people to seek advice from their own health providers, and to contact **Healthline** for advice if needed.

We follow guidance from HealthEd and the Ministry of Health for how long students, staff, and workers should stay away from the school if they have a more **serious illness/infection**. If someone at our school shows symptoms of a serious infection/illness, they are separated from others while waiting to be taken home.

With the exception of tetanus, students, staff, or workers with illnesses that have an available vaccine may be required to stay home under a health order issued by the Medical Officer of Health. Anyone who has potentially been exposed to the infection/illness and has not been immunised should also stay away from the school.
